Shri Shakti Degree College is a 'dream come true' of the vision and hard work of the founder. It is very well cared and nourished to impact education for 'man making' and character building. I observed that the students and teachers have very high happiness factors.

Quality of education of education is high, teachers and staffs are totally dedicated and the leadership of the principal is excellent.

I am especially impressed by the assembly with a serene atmosphere, prayers, havan, march past. Students are very discipline. I am sure the college will achieve its goal to execute rural masses.

I wish all the best for every members of College family.
