Introduction

Dear friends,

On behalf of institution, we cordially invite you to participate in seminar organized by **Shri Shakti Degree College**, Sankhahari, Ghatampur, Kanpur Nagar on “**Need for Research and Innovation in Education**” to be held on **17-18 February 2018**. Shri Shakti Degree College is multi faculty college affiliated to C.S.J.M.University Kanpur. It was established in 2003 with the students of humanities, biological and physical science education and computer application in rural areas. It is situated at Sankhahari, Ghatampur at a distance of 12 km from Amauli and Ghatampur. Buses and private vehicles are available to reach the college from both these places. The teacher education department of our college has been accredited by NAAC in 2012 with ‘B’ Grade having CGPA 2.78 and Our General Faculty has also been accredited by NAAC in 2016 with ‘B’ Grade with CGPA 2.72 Research is one of the key areas which help in advancement of Education. It ‘refreshes’ and ‘updates’ the whole knowledge of that subject and thus paves the path for further edition, improvement, up-gradation and introduction of discoveries and new innovation. Research enables a person to collect, to compile information, to analyze it critically and finally to come with a conclusion. Although research has been considered traditionally as a field of Professionals and Experts. But now-a-days, there is “**Need for Research and Innovation in Education**”. Therefore, through this seminar, we are raising the issues how to improve Research Awareness amongst Teachers in Education.

Thanks !

Dr. Bhawna Sharma

Chairman-Internal Quality Assurance Cell

SHRI SHAKTI DEGREE COLLEGE

Sankhahari, Ghatampur, Kanpur Nagar-209206
