FROM THE FOUNDER'S DESK

Assessment and Accreditation of Teachers Education Department by National Assessment & Accreditation Council (NAAC) is certainly a milestone for our college but this process has inherent message- a message for her campus community to use it not for complacency but for true introspection. Here is nothing for discouragement but is everything to translate for golden tomorrow. Our Institution has already established internal Quality Assurance cell (IQAC) but we must ensure that it is not confined only to record building cell. This cell adequate empowerment to make more effective highest academic body of the Institution. More and more use of latest Technology not only for teaching-learning but also for community services, establishment of one active and result oriented placement cell and science -led value education are main challenges before our college.

Let us Pledge our co-operation for meeting these challenges successfully. Let us popularize the emotional feeling of "Mahavidyalay Pariwar" amongst all our stakeholders. Finally, let us bring a day when all to quote and follow us and not and not us to quoto and follow others. I estend my hearty congratulations to the Publication Board of Newsletter and appreciate for their all efforts to bring out this issue. With warm hearty New Year's Greeting for all our stakeholders.
